ATS – recruiter panel

Applications, CVs, messages and candidate statuses in one panel.

Screening & match score

Screening questions and a match score help you shortlist the right people faster.

What can you do directly in the panel?

- view CVs without downloading files and message candidates
- organise candidates by stage of the hiring process
- add screening questions and compare candidates' answers
- create Recruitment projects for roles, locations or clients
- invite coworkers and clients to work together on a chosen project
- schedule interviews and hire as a team in one view
- prepare a contract from a template and send it to be signed online NEW

New on Jober.ae: jobs that stand out, hiring without detours

In recent months the Employer Panel has gained tools that shorten the way from a job ad to a hire: video, online interviews, signed documents and a candidate database.

A video reel for a promoted job

A promoted job becomes a short vertical video with a voice-over and captions. Candidates watch reels on the site, and you can download yours and post it on Facebook, Instagram or TikTok.

Automatic for promoted jobs

Video interviews from the panel

Invite an applicant to a video interview and meet at the agreed time: in the browser, with nothing to install and no links to other apps to send around. The applicant gets their link by email and you join from the calendar in your panel.

With a subscription

Document templates, signed online

An offer letter, an employment contract and more: pick a ready-made template, fill in a few fields and the PDF is done. Send it to the applicant to sign online, or upload your own template and we will find the fields to fill in for you.

No separate e-signature subscription

CV library and candidates online

See who is looking for work right now and get in touch first. Search by role, category, place and languages, open the CV, offer the candidate your job or call them from the panel.

With a subscription

All in your Employer Panel

Reels sit with your promoted jobs, interviews in the calendar, templates under Documents and the CV library on the panel's home page. Video interviews and the CV library are available with a subscription.

For larger-scale hiring: automation and teamwork

When you have more vacancies, Jober.ae can fit into your company's existing hiring process.

External ATS link

Candidates can be redirected from your Jober.ae listing straight to the application form in your own ATS.

XML job import

In the Silver and Gold plans we can set up an import from your XML feed. Jobs are then synchronised automatically.

Recruitment projects

Group jobs and candidates, invite your team or a client and work on a shared candidate path.

Referral programme: pay for results

Launch referrals for a chosen job and decide which result you want to pay for. You can pay for delivered CVs or for a successful hire. You set the budget yourself, and unused funds remain at your disposal in line with the programme terms.

1. **Set the model and budget**
   CV or hire
2. **Jober distributes the job**
   referral network
3. **You pay for results**
   at the rate you set

For candidates: a free Jober account

With a free candidate account, candidates can track the status of their applications, receive messages and notifications about the next stages and join video interviews from their browser.

Boost the visibility of selected jobs

Promotion is optional. You can post standard listings for free and use credits when you want to give a selected job higher priority.

Promoted 1 week	**15** credits	Shown above free listings for 7 days.
Promoted 2 weeks	**25** credits	Shown above free listings for 14 days.
Job of the day 1 day	**49** credits	Top priority and a place at the very top of the list for 1 day.
Job of the week 7 days	**99** credits	Top priority and a place at the very top of the list for 7 days.

1 CREDIT = 1 AED

A promoted job gets a video reel NEW

For every promoted job we automatically make a vertical video with a voice-over and captions. Candidates see it on the site, and you can download it and post it on your own social media.

One-off top-ups

You top up your account yourself in the Employer Panel. For higher amounts, Jober.ae adds free credits.

25 AED 25 credits	**50 AED** 50 credits	**200 AED** 210 credits +5% free
500 AED 575 credits +15% free	**1000 AED** 1200 credits +20% free	**2000 AED** 2600 credits +30% free

Subscriptions for companies that want more

Plans combine a monthly pool of credits with a higher active job limit. Promoted jobs don't count towards the limit for the duration of the promotion. Subscriptions renew on a 30-day cycle.

BASIC

99 AED
/ month

100 credits

- ✓ +30 extra job postings
- ✓ ATS links
- — XML job import
- — Premium badge

SILVER

With a subscription, also: video interviews and the CV library NEW

Hold video interviews with candidates from the panel and find them yourself in the CV library, including people who are looking for work right now.

How does XML import work?

You send us a link to your XML feed. The Jober.ae team checks the structure and configures the integration on our side. Once it is live, jobs are fetched and synchronised automatically. Available in the Silver and Gold plans.

When is a subscription worth it?

- ✓ when you promote jobs regularly and want a pool of credits every month
- ✓ when candidates should apply directly in your external ATS
- ✓ when you need more job postings active at the same time
- ✓ when you want to automate job import through XML (Silver and Gold)
- ✓ when you want to hold video interviews and find candidates yourself in the CV library

Jober.ae can fit into your process

You can start with free job posting, promote only selected listings, or connect Jober.ae with your company's hiring process through ATS links and XML import.
